**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/30/2008 has been entered.

***Allowable Subject Matter***

2. Claims 1-4 and 11-22 are allowed.
3. The following is an examiner's statement of reasons for allowance: Yamazaki et al. (USPN 7,247,882), a closely related art, discloses a semiconductor device comprising a base film having first and second projections; a first island-like semiconductor layer having a crystal structure entirely covering the first projection; and a second island-like semiconductor layer. However, independent claims 1, 2, 11 and 12 also require the following:
  - a. The second island-like semiconductor layer having a first portion covering the second projection and a second portion not covering the second projection; and a capacitor comprising the second portion (claim 1).
  - b. A first portion of the second island-like semiconductor layer covering the second projection; and a capacitor comprising a second portion of the second island-like semiconductor layer not covering the second projection (claim 2).

c. The second island-like semiconductor layer having a first portion over a second region of a first thickness and a second portion over a third region of a second thickness; and a capacitor comprising the second portion (claim 11).

d. A first portion of the second island-like semiconductor layer over a second region of a first thickness; and a capacitor comprising a second portion of the second island-like semiconductor layer over a third region of a second thickness (claim 12).

The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to yield the device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571)272-1921. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Davienne Monbleau can be reached on (571) 272-1945. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
